Bone Marrow Failure Disease Symposium

Clinicians caring for both children and adults are frequently faced with patients with low blood counts and the challenge of initial management and work-up. This symposium will provide participants with the most up-to-date review of scientific and clinical research related to the biology and management of pediatric and adult bone marrow failure diseases, including anemia, myelodysplastic syndromes (MDS), myeloproliferative neoplasms (MPN), and paroxysmal nocturnal hemoglobinuria (PNH). The presenters will focus on the latest advances in the diagnosis, genetic characteristics, pathology and treatment options for these diseases, including the importance of recognizing adult presentations of inherited marrow failure syndromes and recent discoveries in inherited bone marrow failure defects.

At the end of the conference participants should be able to:
- Provide accurate differential diagnosis of bone marrow failure diseases, including MDS, aplastic anemia, PNH & MPN.
- Critically appraise recent advances in research on the genetic characteristics of bone marrow failure diseases.
- Summarize recent progress in understanding the pathogenesis of myeloid malignancies & bone marrow failure diseases.
- Describe safety and efficacy data for currently available therapies for bone marrow failure diseases.
- Identify current therapeutic standards, as well as new and emerging therapies used in HCT.

Accreditation:
Oregon Health & Science University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide medical education for physicians.

Credits:
OHSU School of Medicine, designates this live activity for a maximum of 4.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Fee:
There is no fee associated with this event.

Target Audience:
Health care professionals working with bone marrow failure disease patients, hematologists, advance practice providers, medical oncologists, primary care physicians, pediatricians, pathologists, residents/fellows, physician assistants, nurse practitioners, nurses, & pharmacists.

Wednesday, September 14, 2016 | 8:00am-2:00pm
OHSU School of Nursing - SoN 358 & 364
3455 SW US Veterans Hospital Road
Portland, OR 97239
